

How to Find Lanzarote Dive Centre

By car, buggy or motorbike to the dive centre:

The dive centre is situated on the Avda de Las Playas, which is a long one-way road. You need to join at the top end of the Avda de Las Playas. From the LZ-40 come off and drive down Calle Noruega, you will pass Club del Carmen on your left, until you reach the sea front /beach; you have reached Avda de las Playas. Turn right into Avda de las Playas, the traffic flows both ways at this point. You will pass the San Antonio Hotel on your left. Shortly after this there is a turning on the right, Avda Italia which has a Spar supermarket on the far right corner; at this point Avda de las Playas becomes one way only in the direction you are travelling. We suggest that you turn right into Avda Italia where you will find plenty of parking on your left. You will then have a short walk to the dive centre from there.

Should you continue driving down Avda de las Playas there is some parking on the left which you might be lucky to find a space in. You will then pass a taxi rank on your right and two zebra crossings. When you reach Calle Frankfurt on the right (there is an ice cream, waffle and crepe shop on the corner and the Mirabel Apartments), look to your left and you will see the CC Aquarium* building where we are based, set back on the left. The Mini Golf Aquarium is situated on the top floor of the building. There is limited parking on the right for three cars only, a bus-stop and then a few more spaces on the right outside the pharmacy; don't park in the spots designated for the pharmacy as you will be liable for a parking fine if you are not using the pharmacy. The bay on the left directly outside the dive centre is a loading only bay between 08:00 and 15:00; we do not recommend that you park here as again you will be liable for a parking fine, if caught. If you spot the building soon enough you can turn right at the ice cream, waffle and crepe shop into Calle Frankfurt as there is usually parking to be found in the back streets up there with a short walk down to the dive centre.

The best place to park however is near the Spar either on Avda de Las Playas or Avda Italia as there is plenty of car parking spaces available there and then a short 5 minute walk to the dive centre - just watch out for the cycle path!

On foot to the dive centre from the Spar Supermarket:

The Spar supermarket is at the junction of Avda de Las Playas and Avda Italia. With the sea on your left walk down the Avda de Las Playas; it is one way from the junction onwards and you should be walking in the same direction as the flow of traffic - watch out for the cyclists on the cycle path, they go both ways! You will pass a taxi rank on the right and there will be two zebra crossings. When you reach Calle Frankfurt on your right, there is an ice cream, waffle and crepes shop on the corner and the Mirabel Apartments in front of you, then look to your left and you will see Pepe Nero Restaurant and the CC Aquarium* building set back on your left; the Mini Golf Aquarium is located on the top floor of the building. You'll be able to see this in the photo on the next page.

Lanzarote Dive Centre is located on the second floor down. There are 3 sets of stairs, one in the middle

and 1 at each end of the building, however next to the set of stairs on the left (near Pepe Nero Restaurant) is a lift; perfect for diving gear! Select level -2 and when you come out of the lift the dive centre is in front of you to your right.

By bus or taxi:

The No 3 bus from Arrecife via Playa Honda, Matagorda and Pocillos stops right outside the Bagatella Café, which is on the opposite side of the road to the dive centre. Cross over the road and make your way to the stairs on the far left – see the photo!

If arriving by taxi ask for the Mirabel Apartments or the Bagatella Café on Avenida De Las Playas.

Lanzarote Dive Centre is located on the second floor down. There is also a lift next to the set of stairs on the left (near Pepe Nero Restaurant); perfect for diving gear! Select level -2 and when you come out of the lift the dive centre is in front of you to your right.

Photo of access to Lanzarote Dive Centre using the stairs on the left side of the building, near Pepe Nero Restaurant. The arrow points at the stairs and to the right of the arrow is the lift

On foot to the dive centre from the Gran Casino Lanzarote:

The Gran Casino de Lanzarote is situated half way down Avenida de las Playas backing onto the beach. From the casino turn right, with the sea on your right and walk down the road against the flow of traffic. You will pass Santander Bank on your left and then a bus stop. At the bus stop look across to your right and you will see a large set back building with the Mini Golf Aquarium on the roof; this is the CC Aquarium building.

Lanzarote Dive Centre is located on the second floor down. There are 3 sets of stairs; walk to the furthest set of stairs and you will find the lift. Select level -2 and when you come out of the lift the dive centre is in front of you to your right.

* the CC Aquarium building on some maps is called CC Welcome Sea (CC is Centro Commerciale)
